

This holiday season, the Office of Highway Safety
wants everyone in Delaware to have a

SAFE FAMILY HOLIDAY

Our **11th Annual Safe Holiday Campaign** runs
from Thanksgiving through New Year's, with increased
enforcement and awareness activities throughout the
state to help stop impaired and other dangerous drivers.

The holiday season is one of the most dangerous times on our roads. Keep your family safe by following simple safety steps:

Don't Drink and Drive

Have a plan for holiday parties—stay over or arrange to get home with a sober designated driver or by taxi.

Slow Down

With more cars on the roads, driven by a lot of rushed and distracted holiday drivers, it's important to slow down and pay attention.

Buckle Up

Always wear a seatbelt—it's your best chance for surviving a crash. And now is a good time to make sure your child is properly restrained by having your child safety seat inspected for free at an OHS fitting station.

Enjoy a Safe Family Holiday!
